

Arkansas EMT Association Membership Information

As a health care professional, you have a great deal of responsibility and are willing to accept the challenges that come with the position of caregiver.

The Arkansas EMT Association is just the ticket for those seeking to develop their skills or to share ideas with people of similar backgrounds.

AEMTA is a nonprofit corporation dedicated to EMS excellence. The Association strives to promote the professional status of the First Responder and EMT and encourages continuing education through its focus on current concepts of emergency care.

How can you benefit as a member?

Certification marks the beginning of each EMT's career. Continuing education is necessary to prevent skill degradation and to learn about emerging technology. Only through continuing education and networking can we assure ourselves and those we are fortunate enough to serve that quality care is always available.

Membership Levels

Regular Membership

Any resident of the State of Arkansas who has certification from the Arkansas Department of Health and /or the National Registry of Emergency Medical Technicians is eligible for **Regular Membership**.
